Mr. Jeff Sparks
Precon Manufacturing Ltd.
429 – 4615 112 Avenue SE
Calgary, Alberta

RE: HYDROWORKS - OIL GRIT SEPARATOR

Dear Jeff:

In response to your request for approval of the above-mentioned product, we are pleased to inform you that it has been approved and will be included in Section 402.01.08.01 Standard Specifications Sewer Construction.

The conditions of this approval are as follows:

- Product shall conform to the specifications stated in the 2011 Stormwater Management and Design Manual, Section 8.4.3 – Oil Grit Separator.
- Installation must follow manufacturer's recommendations and be used only where appropriate.

The quality and performance of this product will be monitored on an on-going basis and The City of Calgary reserves the right to withdraw this approval at any time should the performance, quality, or product support be unsatisfactory.

Please feel free to contact me at (403) 268-3298 with any questions.

Yours truly,
